

As an Indiana Citizen, I wish to speak out AGAINST proceeding 02-278.  
I am EXTREMELY satisfied with my state's Do Not Call list and I know that the effectiveness of this law will be diminished greatly with preemption from the federal law. The federal law is a result of many huge lobbying organizations that weakened the true definition of the do not call list. Indiana's law has not been tainted by huge lobbyist and their funds. LEAVE INDIANA'S DO NOT CALL LAW ALONE, NO PREEMPTION.
